A BAND STAND AWARD

A first award in the 18th Institutions Magazine Food Service Award Contest has been granted to Lister Hall, the new Food Services building at the University. Judged on the basis of excellence in planning, designing, engineering, and facilities in an educational institution, the University of Alberta entry was selected as the winner from some 250 entries submitted by institutions throughout the United States and Canada. This was the only award made to a University or a Canadian institution.

The award, which consists of a plaque mounted on a panel, was presented in Chicago recently by James Myers, editor and chief of Institutions Magazine to Miss Margaret Shaw, cover photo, dietician for Lister Hall. Lister Hall provides the eating, recreational, and lounging facilities for the 1,200 resident students who will occupy the two new Y-shaped residence buildings this Fall.

AN ALUMNI FRIEND

The University community was saddened recently to learn of the death of Geoffrey Bradford Taylor '23, '25, staunch servant of the University and long-time registrar.

Well known in educational circles throughout the province, Mr. Taylor joined the staff of the University as an instructor in physics in 1923. In 1930 he was appointed assistant registrar, and registrar in 1947.

An ardent supporter of alumni affairs, Mr. Taylor became known to a host of graduates in his capacity as registrar and through his work with The New Trail, which he served as editor during the early thirties when no full-time Alumni Office existed.

Until his retirement in 1959, Mr. Taylor continued to give his attention and interest to the welfare and whereabouts of undergraduates and graduates everywhere. In recognition of his untiring contribution to the life of the institution the Alumni Association named him the recipient of its Alumni Golden Jubilee Award in 1959.

NEW HEAD OF SOCIOLOGY

Dr. Gordon K. Hirabayashi has been appointed Professor and Head of the Department of Sociology and Anthropology, replacing Dr. R. L. James who has left the University to take up an appointment as Professor of Sociology at Scarboro College, University of Toronto.

Dr. Hirabayashi was born in Seattle, Washington, and received his B.A., M.A., Ph.D. degrees from the University of Washington. He spent eight years in the Middle East during which time he served as chairman of the Department of Sociology at the American University of Beirut, Lebanon, acting head of the Department of Sociology and Anthropology and assistant director of the Social Research Centre at the American University in Cairo, and visiting Professor at Ein Shams University in Cairo. He joined the University here in September of 1959 and recently served as co-research director of a study of the Metis in Alberta society and co-author of the report prepared for the Alberta Tuberculosis Association.

MANITOBA TO HEAD MATHEMATICS

A well-known University of Manitoba professor is to become head of the University's department of mathematics.

He is Dr. A. L. Dulmage, who will take over from dean of science Dr. Max Wyman and associate mathematics head Dr. Leo Moser, who have jointly served as department head the past year. Drs. Wyman and Moser will continue in their present posts.

An active research mathematician, Dr. Dulmage received his B.A., M.A. and Ph.D. degrees at the University of Toronto. A member of the University staff of Manitoba for the past twenty-five years, Dr. Dulmage has published some 25 papers in the field of combinatorial mathematics and has received many invitations to lecture throughout Canada and the United States.

NATIVE VOICES ON TAPE

"SONI" IS Chipewyan for history.

And Chipewyan is history, fast growing extinct. So are the seven other Indian languages of the Canadian plains.

Some day the University of Alberta may be the only place where they are spoken. This will be done electronically, on tape.

Linguists here are concerned that unless an all out effort is made soon to study native languages of the plains—indeed of all North America—they will be lost.

A start has been made collecting a sight and sound archives of Indian speech. But this is not enough.

During the summer a conference, the first of its kind in North America organized by U. of A. linguists, is being held on the Edmonton campus.

Eventually the University hopes to attract graduate students in linguistics by offering stimulating research projects and highly qualified professors.

The rush is on. Knowledge must be gained before the Indian languages are lost forever. According to surveys, only about 50 people are left who can speak the Sarcee language of southern Alberta. Only 300 in northern Alberta and northern B.C. can still speak Beaver. Other Indian languages are to be studied by University researchers.

A CONFERENCE INVITATION

The second annual Banff conference on World Development will be held at the Banff School of Fine Arts, August 24th to 29th. This year the topic is "Latin America: Challenge and Response". Speakers and discussion leaders will be some of the best informed and stimulating authorities in the field.

The conference which is set up to provide the fullest opportunity for free and wide ranging discussions is open to all who are interested in international affairs, enjoy discussion of current problems in the world, and who wish to enlarge the range of their knowledge.

Applications from all interested persons are invited. They should be forwarded at once to the conference Secretary-Treasurer, R. S. Chapman, Department of Extension, University of Alberta, Calgary.

CONVOCATION, PART I

A near record number of graduands attended Spring Convocation, Part I, and were "admitted" by retiring Chancellor Judge L. Y. Cairns. Three honorary doctors of Law degrees were conferred on Guy Redvers Lyle '27, director of libraries at Emory University, Atlanta, Georgia, Mrs. Stanley H. McCuaig, Edmonton, Yuichi Kurimoto '30, founder and president of Nagoya Commercial University in Nagoya, Japan.

Seen in their academic robes prior to the ceremony are, left: Dr. Malcolm Macleod, chairman of the Board of Governors; Dr. Walter H. Johns, President of the University; Mr. Lyle; Lieutenant Governor of Alberta, His Honour Dr. Percy Page; Mrs. McCuaig; His Honour Judge L. Y. Cairns, Chancellor of the University; Mr. Yuichi Kurimoto; and Dr. H. S. Armstrong, President-designate of the University of Alberta in Calgary.

Excerpts from President's Report to Convocation

... The Legislative Assembly has indicated that a complete revision of the University Act may be carried out next year, or by 1966 at the latest. In the meantime the Legislature has enacted a Bill called "The University and College Assistance Act" designed to establish a formula for fixing the annual grant, both capital and current, to be made by the Legislature to the universities and junior colleges, both public and private . . .

The Lethbridge Junior College has developed on a sound basis since it was established in 1957 and has already begun to work towards offering a full program leading to degrees in Arts, Science, and Education in the near future. Plans for a public junior college at Red Deer are well advanced and it is expected that classes may begin there this Fall. Grande Prairie and Medicine Hat are also planning junior colleges and hope to be ready to begin operations by 1965. All these institutions will seek affiliation with the University of Alberta . . .

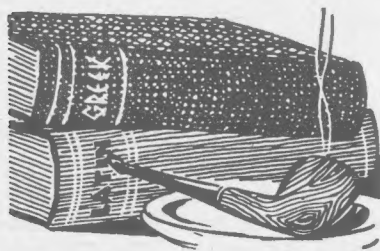

Our provincial record of assistance to needy students continues to be good. Over \$800,000 has been available in awards made by the University and by outside donors this year, with aid under the Students' Assistance Act amounting to over \$1,600,000, almost half of which is in the form of repayable loans . . .

We can never keep pace with the need for books, and periodicals, but we continue to make excellent progress in building up our library and now have over 350,000 books and receive nearly 5,000 periodicals annually. One of the chief problems we face, in common with other university libraries everywhere, is that of securing out-of print books and back numbers of periodicals, the supply of which is rapidly disappearing . . .

Dr. H. S. Armstrong, vice-president of the University of Alberta, has been named first president of the University of Alberta in Calgary.

Dr. Armstrong, former dean of arts and science at McMaster University in Hamilton was appointed first dean of the independent faculty of science in Edmonton in 1962. In 1963 he became academic vice-president to President Johns.

FIRST OF ITS KIND

A new department, the first of its kind in Canada, came into existence on the Edmonton campus recently.

A new department of computing science, headed by Dr. D. B. Scott, is now part of the faculty of science. The department, which grew out of the University's seven year old computing centre, will offer a master's degree in numerical analysis and automatic digital computing.

At its official opening recently the department had its first guest speaker, Professor Alfred Renyi, of the mathematics faculty of the University of Budapest, who lectured to students on new developments in mathematics.

Seasonal Jobs Questioned

University students might be better off studying than working during summer holidays, says a recent Canadian Union of Students survey.

This view was based on research findings that indicated summer employment usually doesn't provide enough cash to pay for a university education anyway.

The cross-Canada study, conducted from Loyola College, Montreal, polled 14 campuses and almost 3,000 students.

The results?

(a) While 82 per cent of the surveyed students work in the summer,

slightly more than 50 per cent earned between \$300 and \$1,000. Meanwhile the average undergraduate costs range between \$1,196 and \$1,500 a year.

(b) Most students believed their summer work was of no benefit to them in regard to their studies, future career, or ambitions. Less than 20 per cent wanted to return to their summer employment on graduation.

(c) About 40 per cent of the students found they had to look for their summer job during the college year, thus taking time away from their studies.

TORY BUILDING TO BE LARGEST ON CAMPUS

PROPOSED NEW social sciences building, 15 stories high and covering 268,000 square feet is due to be completed on the Edmonton campus in 1967.

To cost an estimated 5 million dollars, the structure will bear the name of the University's first president, Dr. Henry Marshall Tory.

With its separate but adjoining lecture wing, the Tory building will be the first of its kind in Alberta and the largest building on the Edmonton campus.

In the new building located at 112 St. and Saskatchewan Drive, east of the Arts Building, plans call for two main wings of three stories each and a 14 storey central tower. The tower's first floor will be undeveloped to provide between wing parking.

Each wing will contain about 40 classrooms and the equivalent number of laboratories. The tower will contain faculty offices and some seminar rooms.

The radically designed lecture wing is to be set apart from the main building but joined to it by means of an underground tunnel. Completely void of perpendicular walls, the wing will contain a 500 seat lecture room, another seating 300, and two rooms with 250 seat capacity. All rooms will be wired for closed circuit television and provision has been made for all types of audio visual aids. Each classroom is to be installed with film projector equipment.

The white limestone and red brick Tory Building will house the departments of geography, meteorology, political science, political economy, sociology, archaeology, history, and philosophy, as well as the faculty of commerce, temporarily.

The present Arts Building will remain intact for modern languages, english, and classics.

CONVOCATION, PART II

Convocation ceremonies at the University for the conferring of degrees and diplomas on some 240 graduands in dentistry, medicine, medical laboratory science, nursing, pharmacy, physical therapy, occupational therapy and dental hygiene, was held on June 3rd. Two distinguished Canadian citizens received honorary doctor of laws degrees. They were: Miss Helen G. W. McArthur, national director of the nursing services of the Canadian Red Cross Society; and Dr. F. C. MacIntosh, professor and chairman of the department of physiology at McGill University who delivered the convocation address.

Seen in the Jubilee Auditorium prior to the Convocation ceremonies are, left: Dr. Johns, President of the University; Dr. Percy Page, Lieutenant Governor of Alberta; Miss McArthur; Dr. MacIntosh; and His Honour Judge L. Y. Cairns, Chancellor of the University.

Excerpts from President's Report to Convocation

Registration in the Faculty of Medicine this Fall was the highest in the Faculty's history with 94 students registered in the year bringing the total to 270 in Medicine and 63 in the Medical Laboratory Science program . . .

A major revision in the Bachelor of Science in the Medical Laboratory Science Program will be introduced in September, 1964. The two 18-week periods of summer hospital training have been consolidated into a single period of 12 months hospital instruction to be conducted at the University Hospital under the direction and supervision of the Faculty . . .

Enrolment in the School of Nursing is continuing on an upward trend with an increase of 22 in the number of students entering the first year of the basic degree program. It is also encouraging to see an increase in the number of graduate nurses seeking to complete the requirements of the B.Sc. degree . . .

During the past year, the School of Nursing has been seriously studying the need for a change in the present five year pattern. A four year program has been proposed and is currently under detailed consideration . . .

This year the title of the School of Physical and Occupational Therapy was changed to the School of Rehabilitation Medicine. During the summer the School will move to the Old Education Building along with the School of Nursing and will commence classes there in the Fall.

The Faculty of Dentistry, as the only one of its kind in the three western-most provinces, gives priority to students applying from these provinces. This year all Alberta resident applicants were accepted while residents of B.C. and Saskatchewan were given next preference. Next fall U.B.C. will open its own School of Dentistry. Registration is up from 170 last year to 192 and 58 registered in the first year and two in graduate work . . .

CHANCELLOR ACKNOWLEDGES JUBILEE AWARD

The Alumni Association was particularly proud to place its highest accolade, the Alumni Golden Jubilee Award, with His Honour Judge L. Y. Cairns '12, who is retiring this summer as Chancellor of the University.

In the presentation address at Spring Convocation Dr. Stanley, left, President of the Alumni Association, paid glowing tribute to Dr. Cairn's lifetime of service to the University and the things for which it stands.

ALUMNI GIFT TO PRESIDENT

The president's 25 years of service to the University were acknowledged recently by the Alumni Association at a brief ceremony at which Dr. Venor Calhoun, retiring president of the G.A.A., left, presented Dr. Walter Johns with three illustrated books.

Two of the volumes, A History of Rome and Romans, and European Architecture and Color, are collections of detailed engravings of the classics, a subject Dr. Johns taught at the University for 21 years.

PORTRAIT OF CHANCELLOR

The presentation of an oil portrait of His Honour Judge L. Y. Cairns, retiring Chancellor of the University, was made at the time of Spring Convocation, Part I. Dr. Cairns received the portrait on behalf of the University from Dr. C. M. McLeod, chairman of the Board of Governors. The portrait of the Chancellor in academic robes and painted by Winston Elliot of Vancouver, will hang in the Senate Chamber of the Arts Building.

ALUMNI GIFT TO LIBRARY

At the official opening ceremonies of the Donald Ewing Cameron Library, Dr. Donald Stanley, President of the Alumni Association, made a special gift presentation on behalf of graduates everywhere. It was a fine copy of the first edition 1647 of the comedies and tragedies of Beaumont and Fletcher who were contemporaries of Shakespeare.

The alumni gift which will make a distinguished contribution to the Rare Book Room of the new Rare Books and Archives Department of the Cameron Library is shown being presented by Dr. Stanley to Dr. Ruth Godwin of the library committee.

MALE CHORUS RECORDS

Music from the 1st Annual Concert of the U. of A. Male Chorus under the direction of Andrew Kormany, 1961-62, are available in record form and can be obtained from V. Gledie, 10405 Saskatchewan Drive, Ste. 409 Southgate Apts., Edmonton, Alberta. The records are \$3.00 each.

on the CAMPUS

Two convocations, an international symposium and several high level conferences have filled the campus calendar since classes ended.

One of these, a muscle symposium, emphasizing both basic science and clinical aspects of muscle, was convened as a part of the 50th Anniversary celebrations of the University's medical school. A unique gathering, the symposium attracted an international group of outstanding researchers.

About the same time leading delegates from Canada and the United States were attending the Canadian Neurological 16th Annual Meeting on the campus. On another occasion delegates of international note convened in the new Education Building to consider education and automation.

The Board of Governors of the University has appointed a committee under the chairmanship of the **Honorable Mr. Justice Hugh John Macdonald** to review the University Act and to make recommendations to the Board with respect to revision of the Act.

A successful annual Feeders' Day program sponsored by the Faculty of Agriculture was held recently at the University's livestock farm.

A manager, **Charles Medley**, has been appointed for the new Faculty Club Building which is expected to be completed early in September.

The two storey building, being constructed on Saskatchewan Drive east of 116 Street, will contain a fully equipped kitchen and dining room, lounges, billiards and card rooms, and administrative units on the two floors.

President Johns was one of five Canadians to receive honorary degrees during convocation ceremonies at Laval University recently.

In presenting Dr. Johns for his degree **Louis-Phillipe Bonneau**, vice-rector of Laval, said "Laval University is particularly happy to stress the excellent work accomplished by Dr. Johns for the im-

provement of the good relations and the establishment of solid bonds of friendship between English and French-speaking Canadians, not only in Alberta but across Canada."

Honors and awards to University staff have fallen thick and fast recently.

Professor Arthur J. Hough, director of the University's student counselling service, has been elected president of the Edmonton Welfare Council. **Dr. J. Gordon Parr**, professor of metallurgy, has been appointed dean of applied science at

Dr. W. G. Hardy, head of the department of classics at the University, retired in June after serving 44 years on the University staff. His successor is **Dr. R. J. Buck**.

Dr. Hardy became head of the classics department in 1938, a post which he has held for the past 26 years. At a recent gathering the on-campus student classics club presented the retiring head with a laurel wreath, symbolic in ancient Greece of great honor.

Windsor University. **Professor Brian Hocking**, head of the department of entomology, has been invited to serve for a period of five years as a member of the World Health Organization advisory panel on parasitic diseases (filarial infections). Three associate professors of chemistry have been elected to fellowship in the Chemical Institute of Canada. They are: **Professors W. A. Ayer, H. P. Dunford, and G. R. Freeman**. An award for scientific achievement and a diploma of honorary membership has been awarded **Dr. K. P. Kowalewski**, associate professor of experimental surgery and director of the division of surgical research, by the Polish Medical Alliance of the U.S.A. **Dr. R. J. C. Harper**, associate professor of educational psychology, has been selected to participate in the 13th Annual University Faculty seminar sponsored by the Standard Oil Company of California to be held in San Francisco during the summer. He will be the only Canadian University delegate present.

Professor Ivan L. Head, associate professor of law, has been selected as the only prairie delegate of the seven academic experts invited to attend a 5-day international law symposium this summer at Stanley House, situated on the north shore of Baie des Chaleurs, Gaspé Peninsula. The symposium leader will be **Dr. Max H. Wershof '28, '30**, assistant Under-Secretary of State for External Affairs.

A new position with the Association of Canadian Medical Colleges in Ottawa has been assumed by **D. G. Fish**, sessional lecturer in medical sociology at the University. As research associate of the Association he will carry out research into the cost of medical education, faculty supply in Canadian universities, the role of the physician in society, and various other related topics.

A significant honor has been placed with **Dr. H. E. Gunning**, professor and head of the department of chemistry, who has been elected a Fellow of the Royal Society of Canada. Members of the Royal Society of Canada are considered the leading humanists, social scientists and scientists in Canada. Most members are selected on the basis of their scholarship and research, although others are elected for their outstanding contributions in a particular field.

ALUMNI

'12

His Honour Judge L. Y. Cairns, retiring chancellor of the University of Alberta, received the Alumni Golden Jubilee Award at Convocation in May.

'24

Mrs. Helen B. Gibson of Medicine Hat has been awarded the Canadian Federation of Business and Professional Women's Club 10th annual United Nations fellowship. Mrs. Gibson will attend sessions of the U.N. General Assembly in New York in the fall and then make a lecture tour of Canadian Business and Professional Women's Clubs.

'26

One of the world's best known and highly respected cereal chemists **Dr. J. A. Anderson**, director-general, Research Branch, Canadian Department of Agriculture, was awarded a honorary degree of doctor of science at spring Convocation at the University of Saskatchewan.

'27

A 200 page gardening book aimed at special conditions on the Pacific coast has been written by **A. E. Willis**, now a nurseryman in Saanich, B.C.

'28

W. J. Harper has been elected to the board of directors of Medical Services (Alberta) Incorporated.

'29

Herbert E. Morris, vice-president and technical director of Monsanto Research Corporation in Boston will join the company's corporate planning and evaluation staff this summer.

'30

John F. McDougall has been elected president of the Canadian Council of Professional Engineers.

'32

Eric S. Austin is now executive vice-president of Hudson Bay Mining and Smelting Company.

Miss L. Jean Scott dean of girls at Bonnie Doon High School in Edmonton has been elected president of the Alberta Teachers' Association.

Scientists are seeking a revolutionary means of extracting iron from iron ore in a \$13,000,000 research centre being built by Imperial Oil Limited in Dartmouth. The refinery manager in charge of research is **Murdo McLeod**.

James C. Parlee has been elected executive vice-president of the International Nickel Company of Canada.

Rev. C. D. Powell superintendent of home missions for the United Church in northern Alberta was accorded an honorary degree at St. Stephen's College spring Convocation.

'34

E. B. Swindlehurst former supervisor of the radio and information service of the Alberta Department of Agriculture, has retired after more than 30 years with the department.

Dr. E. K. Woodford has been appointed director of England's Grass Research Institute.

'36

B. E. Hurdle has been elected president of the Coast Copper Company Limited.

'37

Brother Matthias known to many as Gregory Fehrenbach before he took holy orders with the Christian Brothers, has been honored by the Federation of English speaking Catholic Teachers for his contributions to education in Quebec, particularly in music and drama.

The Canadian General Electric Company has announced the appointment of **Art Thompson** as Manager of their central district, apparatus department, with headquarters in Toronto.

'39

Archie Gillies former resident and manager of the Guelph Chamber of Commerce has been appointed manager of the Kitchener Chamber.

AWARD FOR MOST NOVEL ACTIVITY

An important part of the Alumni Annual meeting on the Calgary campus was the presentation of an Alumni Merit Award for the most novel branch activity to Mrs. Sheila Maxwell '48, secretary of the Vancouver branch, by Dr. Donald R. Stanley, president-elect of the G.A.A.

GOLD MEDALLION TO MEDICINE

At a recent dinner meeting for the first International Symposium on Muscle Structure held on the campus, Professor Stephen Thesleff, Professor of Physiology at the University of Lunds in Lunds, Sweden, presented the University's Faculty of Medicine with a special gold medallion, to honour the medical school's 50th anniversary and the Symposium which it sponsored as part of the anniversary celebrations.

Participating in the presentation ceremony were, left to right: Professor W. M. Paul, Department of Obstetrics and Gynaecology; Dr. Thesleff; Dean W. C. Mackenzie; Professor E. E. Daniel, Department of Pharmacology.

'40

Mrs. J. J. Stewart (nee Rosemary McQueen) in ceremonies held recently became the first woman to be admitted to the bar in Red Deer.

'41

R. R. Mahaffey has been appointed general attorney and assistant secretary of the California Standard Company.

'42

Dr. Joseph V. Charyk president of the Communications Satellite Corporation in the U.S.A. delivered the U.A.C. Convocation address in May and also accepted an honorary doctor of laws degree from that institution.

Mervin H. Jaque district agriculturist at Grande Prairie, has been appointed principal of the Fairview Agricultural and Vocational College.

The new dean of students at Carleton University, Ottawa, is R. A. Wendt, chairman of the university's department of psychology.

'43

Marguerite E. Ritchie senior counsel in the justice department, Ottawa, says that the western world may lose the battle with communism because it is not making full use of women's brain power.

William P. Carr has received his master of science in education degree from Gallaudet College, the world's only college for the deaf, in Washington, D.C.

Dr. Raymond U. Lemieux of the University staff has won the 1964 Chemical Institute of Canada Medal.

'45

Dr. Alex Fernet is international president of the Cosmopolitan Club. Since 1946 he has practised dentistry in Saskatoon.

'46

Dr. Eric Hanson has been elected to the research advisory committee of the Canadian Council on Urban and Regional Research.

'47

Jack D. McFetridge former executive assistant of the A.T.A. has been appointed information officer for that organization.

'48

Guy E. Beaudry has been appointed a magistrate in Edmonton.

Clare McDermott a Reuters News Agency reporter is one of two Canadians reporting daily events in the explosive atmosphere of Cyprus.

'49

Dr. R. J. Buck is the new head of the classics department at the University succeeding Dr. W. G. Hardy.

Dr. Brian Hocking head of the University's entomology department has been appointed honorary member of a World Health Organization panel on parasitic diseases. This summer Dr. Hocking will join a team of other investigators in Rangoon, acting as advisor on their work on malaria control.

'50

The University of New Brunswick has awarded its first Guidance Certificate to John Murray Cram. B. H. Lacey has been appointed general manager of the Winnipeg Branch of the Dominion Bridge Company. Gilbert L. Laycock is now assistant superintendent of transmission and distribution for the West Kootenay Power and Light Company.

Dr. Allan G. Norem has been promoted to assistant director of the engineering sciences subdivision called the Aerospace Corporation in El Segundo.

Dr. Ralph W. Sutherland has been appointed to service on the Saskatchewan Hospital Appeal Board.

Stan Wetherell has been elected president of the Tisdale Saskatchewan Co-operative Association.

'51

Dr. A. Malycky has been appointed an assistant professor in German and Russian at the University of Alberta, Calgary.

'52

Peter G. Stewart has been appointed manager of the Edmonton branch of the Equitable Life Insurance Company of Canada.

'53

Mrs. Hazel Breslin (nee Brown) has been awarded a scholarship from the American Home Economics Association to be used for doctoral studies.

'54

Werner W. Klingbeil has received a master of science degree in Applied Mathematics from Brown University.

'55

Dr. John Chappel has obtained a student fellowship from the Department of Tropical Public Health of Harvard University. Donald J. Corse has been awarded a Shell Merit Fellowship to attend Stanford University during the summer.

During the course of the 25th Annual Meeting of the General Alumni Association held on the University campus in Calgary earlier in the spring, delegates and their wives were treated to a conducted tour of the new Library building and had their pictures taken on the steps of the Arts and Education Building.

From the Alumni Fund a commitment was made to the Alumni Residence Fund. In addition, two \$1,000 intersession graduate bursaries were awarded from Alumni Fund receipts. Of particular note was the decision to allocate \$8,000 for the purchase of much needed library books on the Edmonton and Calgary campuses.

Official alumni delegates and their wives from Alberta and across Canada included, front row, left to right: Miss Lora Bacon, Edmonton; Dr. Jack Bradley, M.A.A.; Mrs. Bradley; Dr. Venor Calhoun, Edmonton; Mrs. Sheila Maxwell, Vancouver; Dr. Malcolm G. Taylor, Principal, University of Alberta, Calgary; Mrs. A. G. Markle; Dr. Don Stanley, Edmonton; second row, Leighton Mellemstrand, Edmonton; Alex Markle, Edmonton; Mrs. Jessie Heath, Toronto; Allan McQuarrie, Calgary; Mrs. Margaret Turner, Victoria; Bruce Burgess, Calgary; Mel Howey, Grande Prairie; back row, Bob Edgar, Westlock; Dr. Marvin Seale, Winnipeg; His Honor Judge Bruce Whittaker, Edmonton; Don Dickson, Ottawa; Bob Bannerman, Calgary; Les Usher, Edmonton; Dick Williams, Edmonton; Dr. Dave Buchanan, D.A.A.

'57

Ronald H. Gooding has been awarded a doctorate in science from John Hopkins University in Baltimore.

Mrs. John Kempo (nee Olga Porayko) has been appointed to the bench in the small debts court in Edmonton. She is the second woman in Alberta to become a magistrate, the first woman to receive a judicial appointment in Alberta being the famed Judge Emily Murphy.

'58

Lloyd Erickson director of music at Crescent Heights High School in Calgary was the recent adjudicator for the Saskatoon School Music Festival.

'59

Miles Kuryvial has been transferred from Stony Plain to Lethbridge as district agriculturist.

Morton Brown a Rhodes Scholar in 1959 has won a \$3,500 scholarship to study for his doctorate in Chinese history and language at Berkeley University.

'60

The first male negro to be admitted to the Alberta Law Society is Lionel L. Jones. Lionel plans to practice law in Edmonton.

'61

A post graduate fellowship valued at \$1,000 offered by the Civil Service Association of Alberta has been awarded to Miss Dorothy Crouse.

An active participant in Edmonton ballet and theatrical circles, Mrs. Richard G. Miller (nee Barnhouse) was recently awarded a bachelor of theatre arts degree from Pasadena Playhouse, California.

'62

Marnie Carlyle after receiving a master of social work degree from the University of Manitoba has joined the staff of the Edmonton Family Service Bureau.

'63

Dr. Karl Tomms is one of an eight man team of young Canadians who will spend the summer climbing and doing geographical, geological, and medical projects in India. They are the first such team from Canada.

G. K. Muecke has been awarded a Shell Oil Company scholarship which will enable him to carry out two years of post graduate study in Britain.

Bevis Ostermann received a master degree in civil engineering from the University of Stanford this spring.

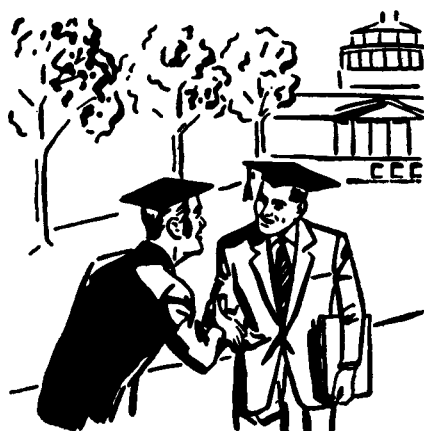

Donald B. Thomas, winner of the Carleton University journalism medal, has joined the Edmonton Journal as a reporter. Beverley Woznow was awarded a bachelor of journalism degree from Carleton University at its most recent convocation.

Sheldon Chumir, Rhodes Scholar 1963, now studying at Oxford, England, has been appointed overseas commissioner by the Canadian Union of Students.

'64

James O. Ramsay has been named winner of an Educational Testing Service Psychometric Fellowship at Princeton University. This is the second time in three years a University of Alberta student in the Faculty of Education has won such an award.

Henri G. Wittman has been selected by the American Council of Learned Societies as one of two Canadian university students to attend the Linguistic Institute sponsored by the Linguistic Society of America at Indiana University. The Institute is intended to enhance the scientific training of language teachers, including that of teachers of English as a foreign language abroad.

BRANCHES

Calgary

The Calgary branch continued to act as a small liaison group coordinating a few matters pending the assumption of local alumni activities by the first full graduating class from the University of Alberta, Calgary.

Several meetings were held during the year between the branch and the Burgess committee. Specific plans that were being formulated were intentionally deferred as the branch did not wish to become involved in contentious issues that received much publicity in Calgary during the winter. As a result our activities have been somewhat restricted.

It is our intention during the coming year to phase in the new graduates of University of Alberta, Calgary, with the Alumni Association, with the objective of having them "carry the ball" henceforth, but with our support and encouragement.

Grande Prairie

The Grande Prairie branch works in conjunction with the Peace River District Graduate Association which was formed on November 16, 1962.

The Association is most active and has had monthly meetings, except July and August, throughout the past year. Besides the monthly meetings there have been general meetings on three occasions which have been reasonably well attended.

The Association has three main projects, namely: A Junior College project headed by Mr. Frank Riddle and Mr. Mel Howey. A Science Fair Committee consisting of the following: Mr. E. C. Stacey, Mr. Vern Osbaldeston, Mr. Nick Andruski, Mr. Henry Toews, Mr. Lavern Larsen, Mr. F. W. Beirsto, Mr. Clem Collins. A Scholarship Committee consisting of: Mr. Henry Toews, Mr. James Jeffreys, Mr. Walter Kujath.

We are pleased to report that the Science Fair Committee has a budget of \$1,400, of which \$500 has already been raised to promote a Peace Country School Fair to be held in Grande Prairie on March 13, 1965. Donations have been received from industries, and there will be certificates and cash prizes awarded at the

Fair. The purposes of the Science Fair are: To encourage a high degree of student interest and initiative in attempting creative educational projects; to stimulate public interest in educational matters; to promote an interest in scientific research.

The Junior College for Grande Prairie is expected to be open in September, 1965, after all the details with the contributing boards have been ironed out.

It is also proposed that a Graduate Society discussion group be set up which is presently in the process of being formed.

Nurses Alumnae

There were nine meetings held during the year and projects were: Catering for two graduation receptions following exercises held at the Jubilee Auditorium, alumni scholarship of \$250 presented to Miss Carol Hutcheson for study in B.Sc. nursing, help at four blood donor clinic sessions at the University of Alberta Hospital, newsletter to all graduands, presentation of scissors and membership to two classes, Christmas gifts of \$15.00 to our nurse missionaries, alumni Prize of \$25.00 to intermediate nurse Miss Burke.

Ottawa

The executive of the Ottawa Branch began the year with a very pleasant informal meeting in November. Members of the Branch enjoyed meeting with Dr. Calhoun to hear him speak of developments at the University and to see a number of very excellent slides.

University Alumni Council of Ottawa began in November to plan for the annual University Ball, proceeds from which go to bursaries for three Ottawa students entering university. Alberta was represented on the Council this year by Mrs. I. Coram, who also acted as recording secretary for

Excerpts from alumni branch reports included on this and subsequent pages were those submitted by branch representatives at the 25th Annual Council Meeting of the General Alumni Association.

the planning group. The Ball was held in March and the guest speaker was Dr. W. T. R. Flemington, former president of Mount Allison University and Director, Education Division, External Aid Office, Department of Extension Affairs. The Ball was as usual a very enjoyable affair. The University of Alberta was represented by Don Dickson.

The annual meeting of the Ottawa Branch was held in April. This year we were fortunate in having as our speaker the Honourable Marcel Lambert who, of course, is well known in Alberta. His topic was "The Role of the Speaker in the House of Commons". It was an informative and entertaining address.

There are about 300 graduates of the University in Ottawa, but we never succeed in having more than 70 persons out for the annual meeting. There are great demands on one's time and many activities which engage the attention of our members.

We managed this year and last to keep about \$100 in the treasury after several lean years. The prospects for the future are brighter. At the last meeting members voted to send \$28 to the Alumni Fund for the purchase of books. Our members, of course, contributed to the Book Drive individually.

Winnipeg

It is with regret that the Winnipeg Branch reports an inactive year during 1963-64 for the only year during the last decade no branch meetings were held. Previously, we have held at least one and frequently two meetings during the course of the year to arrange for a get-together of the Winnipeg alumni but for various reasons, it was not practical or timely to do so.

We hope and expect to arrange for a meeting within the next two months at which time we may well anticipate a renewed enthusiasm.

Dental Alumni

There are approximately 600 dentists on our mailing list. Of these 152 are considered active members.

Our executive had a meeting at the University of Alberta dental clinic in February at which time we took 60 pre-dental students on a tour of the clinic. Later we showed them an excellent film entitled "A Career in Dentistry".

Because the Canadian Dental Association Convention is being held in Edmonton in June a number of class reunions are being organized and many alumni are involved.

The second annual alumni-student hockey game was played in early December and the old timers evened the score from

the previous year by actually winning this one. Our association made a grant of \$100 to the Dental Undergraduate Society, the money to be used to buy hockey equipment.

Varsity Christian Fellowship

The continued interest of graduates in this, the third year of the V.C.F. Alumni, is

encouraging. We trust that our aim of encouraging the Varsity Christian Fellowship chapter on campus, of stimulating an attitude of inquiry among students concerning consistent Christian living, and upholding the welfare of the University is at least partially being fulfilled.

BURGESS TROPHY PRESENTED AT ALUMNI MEETING

The Burgess Alumni Cup, emblematic of the best-all-round U. of A. Alumni branch activity was awarded by the donor, Bruce Burgess '48, Calgary, left, a former president of the G.A.A. to Dr. Jack E. Bradley '40, president of the Medical Alumni Association, for the most admirable performance in topping the field of 14 Alumni branches across Canada. Acknowledgment was made by Mr. Burgess that during 1963-64 the active M.A.A. executive under Dr. Bradley's direction had undertaken a most creditable program of activities.

At Pioneer Ranch camp in September, a small group of V.C.F. alumni attended the Fall Camp with university students of the Varsity Christian Fellowship. Rev. Harry Robinson was the guest speaker.

In Edmonton fifty graduates and friends attended the Annual Fall Banquet in November, and were challenged by the encouraging report of Carl Chiko, the new stewardship secretary in the Western Region of the Inter-Varsity Christian Fellowship. He stressed the interest that he has found among students concerning the Christian faith.

Through the V.C.F. Unrau Memorial Fund a \$100 award was given to Miss Gladys Freeman, medical student at the University of Alberta, to assist her at Pioneer Ranch camp where she counselled last summer.

Before the business session, the new prize winning film of V.C.F. "Wilderness Treasure" was shown. It portrays a journey of a counsellor and five boys on a canoe trip at Pioneer Camp, Manitoba. Thirteen full and three associate membership fees were paid this year. The balance of the treasury stands at \$295.33, \$192.22 of which was designated for the V.C.F. Unrau Memorial Fund. It was decided that the V.C.F. Unrau Memorial Fund be discontinued when the remaining funds have been used. A desire was expressed by those present that a similar fund be started in the future to help in Christian leadership.

Vancouver

The first event after last spring's annual meeting and reception was a dinner party in July at the Cherrington's home, followed by a brief executive meeting. At this meeting we received the report of the 24th Annual General Meeting of the Alumni Council.

A meeting was held early in October to plan for the game/reception for the annual University of Alberta/University of British Columbia football game. As usual, the Vancouver alumni sat in a block at the game and met afterwards in the Faculty Club at U.B.C.

There was a meeting in January to plan the annual spring meeting. This was followed in February and March by four "rehearsals" for the program.

The Annual General Meeting was held in March with President Walter Johns as guest speaker. As special non-official guest we had Miss Mamie Simpson from Victoria, former Dean of Women. As a bonus benefit of this, Miss Simpson's interest in the Alumni Association soared (she tells us) and she has just been elected president of the Victoria Branch. The singing of oldtime Alberta favorite melo-

ALUMNI MERIT AWARD FOR BEST CONTINUING ACTIVITY

Recognition for the best continuing Alumni branch activity was forthcoming at the Annual Meeting of the G.A.A. when Dr. Calhoun, chairman of the day's activities, surprised Mrs. Jessie Heath '38, president of the Toronto graduate group. Under Mrs. Heath's direction the Toronto branch executive scored high in the field of continuing alumni activity and relations.

dies, led by the executive/cast with appropriate costuming and skits (?) was much enjoyed. Fifty-five alumni were present.

In April we had another dinner party at the Cherringtons', a combination "cast" party and farewell to a former president, Art Thompson.

Toronto

The Toronto Branch of the Association held three meetings during the past year,

with an average attendance of sixty people at each affair.

The Annual Spring Tea, in May, proved to be a happy reunion. It was a beautiful spring day, and our sixty-five members attended. President Ben Tanner reported briefly on his trip to the General Alumni Association meeting, which had been held in Banff the previous week. He also displayed the Burgess Cup, which had been

won by the Toronto Branch for the second year.

Unfortunately, the family picnic, which was scheduled for September was cancelled, and the short notice involved did not give the executive sufficient time to locate elsewhere, and advise the members accordingly. There was wide-spread regret that the event did not take place, for it has proved to be one of the most popular functions. The 1964 location is assured, and September 12 is being circled on Toronto calendars for this big event.

Dr. Venor Calhoun, President of the General Alumni Association, was our guest of honour, and speaker at a Fall annual meeting and dinner dance. His slides proved to be a real interest to all present, and especially to those whose last view of the campus was prior to its vast expansion.

The Toronto Branch joined with the other Western Universities to stage the Western Universities Reunion Dance, in February, at the Seaway Hotel. The "Council", formed two years ago, and made up of representatives of each Alumni Association, met regularly from late fall, planning details to make this a more successful dance. The Alberta representatives were active participants in this council at all times, and shared the responsibilities allotted by the general chairman. The planning paid off with an over-all improved attendance, and the change of "locale", and other innovations proved popular with all. A review of the dance reveals that this joint effort is popular, and it is recognized as the only feasible way to stage an annual dance, since rising costs, and fluctuating attendance make such a venture unwise for the individual alumni associations.

The Toronto branch has had a "shifting" population this past year some of the moves have been within the metropolitan area, and its suburbs, but we have also lost valued, and active members to other branches. The prize for the longest move goes to the Robert Pecks, who have gone to Copenhagen for a five-year stay.

It has been somewhat difficult to keep our executive at full strength the past year, because of moves, and the reluctance on the part of many to get themselves actively associated with one more organization, albeit as worthy a one as our Alumni Association. In numbers there is indeed strength, and a reduction in the burden on the individual. We are trying to build

up an executive which is representative of all faculties, and all years of graduation.

An enthusiastic telephone committee has carried out its regular duties, and kept the members up-to-date on scheduled events. We are already anticipating renewed interest in the events scheduled for the remainder of this year.

Our programme continues to be designed to appeal to the greatest number of our alumni in and around the Toronto area. Each meeting is different in character from the others, and designed to appeal to a particular segment of our membership. It is our endeavour at all times to promote the welfare of the University through contact with alumni in this area, fostering fraternity, and a sustained interest in all the affairs of our "Alma Mater".

BIG U.A.C. BUILDING PROJECT UNDERWAY

ONSTRUCTION IS underway on three major building complexes at U.A.C. and tenders will be called shortly on the fourth, it was announced recently.

The public works department said tenders will be called in the near future for Calgary Hall, a complex of buildings which will have facilities for english, classics, drama, music, language, philosophy and geography.

Construction has already begun on other phases of the multi-million dollar campus building program including a six-storey science complex, engineering centre, and two eight-storey student residences.

THE NEW CHANCELLOR

Dr. Francis Philip Galbraith, Editor and Publisher of the Red Deer Advocate, has been elected Chancellor of the University by acclamation. He will succeed His Honour, Judge L. Y. Cairns, whose term of office expires August 14th.

The Chancellor of the University is elected by the alumni for a term of six years. He is Chairman of Convocation and the Senate, confers all degrees, and is an ex-officio member of the Board of Governors.

Dr. Galbraith is the eighth Chancellor of the University and the first one resident outside Edmonton or Calgary. He served as a member of the Senate of the University from 1948 to 1954. In 1959 the University conferred on him the honorary degree of Doctor of Laws.

Dr. Galbraith's family has had a long association with the University. His mother, a graduate of Toronto University, and his uncle, Dr. W. S. Galbraith, a graduate of McGill University, both registered in 1908 as original members of Convocation of the University of Alberta. His uncle was elected to the first Senate of the University, representing the southern part of the province. His sister, two brothers, son and daughter are all graduates of the University.

DEATHS

William C. Fawcett '27—well known farmer and prominent community worker in the Consort district.

Dr. Stuart K. Jaffray '21—director of the school of social work at the University of Toronto.

Dr. Alexander H. MacLennan '32—lecturer in obstetrics and gynecology at the University.

Dr. John W. Caldwell '37—prominent Vancouver physician.

Peter L. Rule '39—senior partner in the architectural firm of Rule, Wynn and Rule.

Dr. Gordon R. MacDonald '40—medical director of the Misericordia Hospital.

Rev. Murdock M. MacLean—the recipient of a Doctor of Divinity degree from St. Stephen's College in 1957.

Dr. Malcolm M. MacIntyre—professor of law at the University of British Columbia.

new films

HERE ARE A FEW OF THE RECENT ADDITIONS TO
THE V.I. DIVISION FILM LIBRARY:

MY FINANCIAL CAREER 7 min., color

An animated cartoon savoring to the full Stephen Leacock's witty account of a young man's first brush with banking.

FLIGHT OF THE TEAL 28 min., color

Follows the migratory flight of the blue-winged teal from the marshes of Manitoba to the destination in Mexico.

THE ANCIENT EGYPTIAN 27 min., color

Describes the life of the pharaohs and citizens of ancient Egypt through the use of actual paintings from tombs and the sculptured monuments.

POLAND AND THE SOVIET POWER 26 min., color

Traces the changes which have taken place in Poland since 1939 and examines the forces which have shaped Poland's recent history. Considers Poland's relation to both the Soviet Union and the "West".

THE HISTORY MAKERS

A series of eleven films dealing with the periods in Canadian history leading to self government (1840's) and the prelude to confederation (1860's). Each film deals with an important personality in Canadian history. (each film 28 min., black & white)
